

Hazel Park School District
Kindergarten – 2nd Grade
Acceptable Use Policy Addendum

As Hazel Park students begin attending Media/Technology classes in Kindergarten, a standards-based curriculum has been designed to instruct elementary students. The curriculum for Kindergarten – 2nd grade students focuses on learning the proper terminology and usage of computers and their parts, basic file and menu commands, using applications to create projects, computer and Internet safety and using the Internet as a research tool.

The Hazel Park School District wants to inform you of your child’s exposure to a variety of valuable educational Internet resources. K – 2 students will have limited use of Internet resources that have been reviewed by the District’s Technology Committee. The selected sites can be reviewed on the District’s website: www.hazelpark.k12.mi.us.

Please complete and return the attached form by:

- Filling in your child’s name
- Dating the form
